

About Every Child Ready

Every Child Ready is a balanced early learning program created to prepare three-and-four-year-old children for kindergarten and beyond. The Every Child Ready program supports children's development across social-emotional, physical, cognitive, and academic areas.

Children learn **through exploration and purposeful play.**

Teachers receive **the professional development and tools they need to meet each child where they are.**

Families are **active partners** in their child's education.

Family Connections

Weekly home connections that build on classroom instruction.

Unit letters explaining the current unit's theme with suggested activities to try at home.

Quarterly child progress reports.
