

Student Wellness and Success Funding (SWSF) Spending Plan Guide

SWSF Plan Completion Date: January 31, 2024

Presented to Governing Authority: February 19, 2024

Use of Funds: Speech and Language Therapy Services

Student Impact: All Kindergarten Age Students are screened for speech, language, and occupational therapy students. During the current school year, all students have access to mental health and behavioral services.

Measure of Impact: Impact is measured by student academic and social emotional growth assessed by NWEA and LiveSchool PBIS data.

Community Partnership		
Partner	Coordination Process	Services Provided
Partner 1: PSI	PSI is a partner of the Ohio Department of Education and many other reputable organizations. PSI provides mental health services to our students to ensure Social & Emotional needs are met.	School Health, including Education and Mental Health
Partner 2: Sunbelt	We utilize Sunbelt certified and licensed staff to provide virtual services - with a small and constrained budget we coordinate with Sunbelt to provide our students services they need but we are not able to provide through our own staff budget.	Virtual Speech and Language Services, including testing materials

Disadvantaged Pupil Impact Aid (DPIA) Spending Plan Guide

SWSF Plan Completion Date: January 31, 2024

Presented to Governing Authority: February 19, 2024

Use of Funds: Reading and Academic Interventions

Student Impact: All students in all grade levels are directly impacted by academic interventions.

Measure of Impact: Impact is measured by student academic growth assessed by NWEA and annual state testing.

Community Partnership		
Partner	Coordination Process	Services Provided
Partner 1: PSI	PSI is a partner of the Ohio Department of Education and many other reputable organizations. PSI supports the mental health needs of our students. Ensuring students mental health needs are being met helps to ensure our Reading and Academic Interventions that DPIA funding supports will be successful.	School Health, including Education and Mental Health
