Meet Main Prep Principal MS. STEPHANIE EAFFORD

It is an honor to introduce myself as the new principal at Main Preparatory Academy and to join this extraordinary school community. I have been dedicated to the field of education for more than 17 years and have worked with a variety of scholars from kindergarten through 12th grade. Along with the teachers and staff, we will work hard to continue the legacy of success established by building strong relationships with parents, students, and community partners. This year is going to be amazing as we continue to provide academic experiences for our students that are rigorous, relevant, and help them build relationships while making real-world connections.

Family Life

I have one daughter by the name of Angelina who is 14 years old. She inspires me each and every day to do the best I can so that I can be the best mom for her.
