Mission Statement: Middlebury Preparatory Academy is committed to improving the quality of education for all scholars through transformative and interactive learning in a nurturing environment that is positive, supportive, and customized to fit the different learning styles and needs for every scholar.

Dear Middlebury Families,

The 2021/2022 school year is upon us and we are excited to welcome back our scholars and families to our building. We have been working hard all summer to ensure a safe learning environment for the upcoming school year. As you know; last year was full of challenges and obstacles that were somewhat out of our control due to COVID-19, however we have been doing our very best to make sure we are aligned with CDC protocols and guidelines to ensure a safe 100% in person return to the classroom. We will not have the option of remote learning for the upcoming school year. Classrooms have been modified to continue to accommodate social distancing, along with continued mask wearing, routine hand washing, and spacious gatherings to model what our scholars will be asked to do when student assemblies take place.

At Middlebury we are committed to helping your child learn and grow as a student. We know that our scholars are talented, intelligent and eager to learn. It is because of this I am excited about the work we do with you and your child this school year, and as the Principal my plan is to ensure that each and every scholar has the best experience possible as a student at Middlebury Academy.

We want to make sure our families are a part of the educational journey, and those relationships are vital to the success of each and every scholar. We appreciate your continued involvement, and hope that those positive relationships continue to grow between the school and its families. We will continue to have open dialogue with families regarding issues, concerns, or ideas. Please be sure to visit our website for school updates and any other correspondence.

We appreciate your efforts to entrust us with the educating of your children, and will continue to communicate frequently to make sure we are doing everything in our power to implement, promote, and guide the education of our scholars. If you have any questions, comments or concerns please do not hesitate to contact the school. We look forward to seeing you in the Fall!!
